

Subdivision Surveys, as shown on the Map, cover an area (approximately) of 77,000,000 acres.

The Canadian Pacific Railway System is drawn in full broad black lines.
All other Railways are drawn in full broad red lines.
Projected Railways are drawn in dotted red lines.

3309 1/2 miles of Railways have been constructed in Manitoba and the Northwest Territories up to the end of 1893.

NOTE
This Map is largely a photolithographic reproduction of the Manuscript prepared under the Superintendence of Mr. E. Deville, Surveyor General in 1885.

For details, which cannot be clearly shown on the scale of this Map, and for particulars as to Soil, Timber,
Road Allowances, &c., reference should be made to the lithographed Plans of Townships, on forty chains
to an inch, which may be had on application to the Minister of the Interior, at the rate of fifty
cents per copy. A portion of the lands fronting on the Red Assiniboine, and other
Rivers or Lakes, have been laid out into River Lots, having a narrow frontage and
a depth of from one to two miles; such divisions are too small to show
on this Map, but large scale lithographed Plans may be obtained
by making application to the Minister of the Interior, and
on payment of the fees.
